STATE OF FLORIDA
MILITARY DEPARTMENT
OFFICE OF THE ADJUTANT GENERAL
ST. AUGUSTINE

December 31, 1948.

His Excellency, The Governor of Florida and Commander-in-Chief, Florida National Guard, Tallahassee, Florida.

Sir:

Herewith is submitted the biennial report of the Adjutant General of Florida, pertaining to the administration of the Division of Military Affairs of the Executive Department for the calendar years 1947 and 1948, pursuant to the provisions of Section 250.14 Florida Statutes, 1941.

GENERAL

The years of 1947 and 1948 have witnessed the growth of the Florida National Guard to the greatest strength ever attained. Starting with one unit organized on August 15, 1946, the Military Department has effected the organization and Federal recognition of 79 units, with a troop strength of 4,503 officers and men by December 31, 1948. This successful reorganization of the Florida National Guard is the result of untiring effort by all Staff Sections of the Military Department and the unstinting time devoted by all ranks of the National Guard in fulfilling their accepted obligations as citizens of Florida.

The long established principle of the organized militia, as recommended by General George Washington and developed throughout the past years, is that during times of peace the National Guard, under control of the several States, provides the organized troops needed to enforce the laws of the States and be available to reinforce the Armed Forces of the Nation in time of war.

The organization and support of the National Guard rests upon all echelons of government. Counties and Municipalities contribute personnel and participate in furnishing Armory facilities; the State provides the administration, supervision of training and equipment, maintenance of Armories and units, and assists in Armory construction; the Federal Government

furnishes uniforms and equipment, provides Armory and field training pay, permanent duty unit administrative and equipment maintenance personnel, the corps of Instructors, and participates in the cost of maintenance of Airbase, warehouse, shop and storage facilities.

FLORIDA STATE GUARD

The missions contemplated for the Florida Defense Force by Chapter 251, Florida Statutes, 1941, having been accomplished and the National Guard reorganization having reached the stage where it could furnish troops to meet State emergencies, the remaining active units of the Florida State Guard were disbanded upon the dates shown:

<i>Unit</i>	<i>Station</i>	<i>Date</i>
Company "E", 8th Bn.	West Palm Beach	4 March 1947
State Staff	St. Augustine	31 March 1947
Headquarters, 1st Bn.	Tallahassee	31 March 1947
Company "E", 1st Bn.	Pensacola	31 March 1947
Headquarters, 3rd Bn.	Jacksonville	31 March 1947
Company "E", 3rd Bn.	Palatka	31 March 1947
Company "F", 3rd Bn.	Gainesville	31 March 1947
Headquarters, 5th Bn.	Winter Haven	31 March 1947
Company "C", 5th Bn.	Leesburg	31 March 1947
Company "E", 5th Bn.	Winter Haven	31 March 1947
Headquarters, 6th Bn.	Ft. Myers	31 March 1947
Company "C", 6th Bn.	Bradenton	31 March 1947
Company "D", 6th Bn.	Arcadia	31 March 1947
Headquarters, 8th Bn.	Ft. Lauderdale	31 March 1947
Company "B", 8th Bn.	Daytona Beach	31 March 1947
Company "C", 8th Bn.	Ft. Lauderdale	31 March 1947
Company "D", 8th Bn.	Ft. Pierce	31 March 1947

The State of Florida gratefully acknowledges the valuable service rendered by all ranks of the State Guard which furnished a guarantee of security to the citizens of Florida during the long war emergency.

Prior to 31 December 1947, the fiscal and property accounts of the State Guard Property Officer were closed, all Federal property accounted for and audit adjustments completed, remaining serviceable State property transferred to the State Quartermaster.

STATE GUARD RESERVE

In order that the training and experience gained by the officers of the Florida State Guard, during their service in World War II period, might be made available to the State in case of another major emergency, in March 1948 the Governor authorized the organization of the Florida State Guard Reserve as an inactive component of The Military Department, State of Florida.

One hundred and ten former officers of the active Florida State Guard have indicated their willingness to again serve the State in time of emergency and are carried on the roster of the State Guard Reserve.

REORGANIZATION FLORIDA NATIONAL GUARD

In the reorganization of the National Guard of the United States, the State of Florida was offered the following major units and they were accepted by the Governor on 30 August 1946:

MISSIONS ASSIGNED THE FLORIDA NATIONAL GUARD

As a State security force, the Florida National Guard has the mission of providing trained and equipped units, to function at existing strengths, for the protection of life and property and the preservation of peace, order and public safety under orders of the Governor.

The mission of the National Guard of the United States is to provide a reserve component of the Army of the United States, trained and equipped, capable of immediate expansion to war strength, for any service required in National Defense.

TRAINING

Instructor Corps:

The Regular Army Instructors, Advisors, and Sergeant Instructors who have been detailed by the Department of the Army to duty with the Florida National Guard have been most helpful in the rebirth of the Guard. They have given valued advice, and sympathetic guidance to all echelons of command and have been diligent beyond the call of their normal duties; their zeal and sincere interest has made possible the attainment of our present state of training and efficiency.

Armory Drill:

As organized and inspected for Federal recognition, all troop units have held their required armory drill periods with satisfactory attendance and progress in training.

Field Training:

All units organized prior to April 1948 attended field training as prescribed by the Department of the Army. The functioning of the Staffs and excellent performance of units brought most satisfactory reports from the Army Inspector General in his report on field training. Several units received rating of "Superior" and no Florida units were rated lower than "Satisfactory".

Field training was scheduled as follows:

At Fort Jackson, South Carolina 4 July to 18 July 1948:

51st Inf. Div. (Fla. Part)

Detachment State Hq. & Hq. Det.

At Fort Jackson, South Carolina 18 July to 1 August 1948:

48th Inf. Div. (Fla. Part)

Detachment State Hq. & Hq. Det.

At Camp Stewart, Georgia 8 August to 22 August 1948:

227th AAA Group

265th CA Battalion

Detachment State Hq. & Hq. Det.

At Chatham Field, Savannah, Georgia 29 August to 12 Sept. 1948:

159th Fighter Squadron

Det. "C", 217th Air Service Group

159th Weather Station

159th Utility Flight

TOURS OF ACTIVE STATE DUTY

Hurricane of September 1947

WEST PALM BEACH

Under the command of Lt. Colonel Oliver W. Hartwell, 6 officers and 66 enlisted men were ordered to active state duty on 17 September 1947 for disaster relief duty occasioned by the tropical hurricane in the City of West Palm Beach. These troops were relieved on 21 September 1947.

CLEARWATER

Under command of Captain John B. Sweger, 4 officers and 20 enlisted men of Company K, 211th Infantry, Clearwater, Florida, were ordered to active state duty on 17 September 1947 to aid in relief in event the tropical hurricane struck in this section. These troops were relieved on 18 September 1947.

FLOOD RELIEF AT NEW SMYRNA BEACH, FLORIDA

Under command of Major Robert H. Mizelle, 1 officer and 13 enlisted men of Headquarters Detachment, Florida National Guard, St. Augustine, Florida, were ordered to active state duty on 28 September 1947 to assist in the relief of the population at New Smyrna Beach, Florida, from high flood waters. This Detachment was relieved on 29 September 1947.

Hurricane of October 1947

Under command of Colonel Robert A. Ballard, 15 officers, 2 warrant officers, and 93 enlisted men of the Post of Miami, Florida; 7 enlisted men from Headquarters Company, 2nd Battalion, 124th Infantry, Starke, Florida; and 1 officer and 19 enlisted men from the Post of Tampa, Florida, were ordered to active state duty in the Miami-Fort Lauderdale area for hurricane and flood relief duty on 13 October 1947. The troops on active state duty were gradually relieved as the need for them diminished, until all were finally relieved from duty on 22 October 1947.

Everglades National Park

Under the command of Captain Jackson G. Flowers, 5 officers and 44 enlisted men of the Post of Miami, Florida, were ordered to active state duty to assist in the security of the President of the United States during the ceremonies of the opening of the Everglades National Park on 5 December 1947.

Hurricane of October 1948

FORT LAUDERDALE

Under the command of 1st Lt. Roland D. Fisher, 3 officers and 82 enlisted men of Company "G", 211th Infantry, Fort Lauderdale, Florida, were ordered to active state duty on 5 October 1948 for the purpose of aiding Civil Authorities in

hurricane relief activities. The troops on active state duty were gradually relieved as the need for them diminished, until all were finally relieved from duty on 15 November 1948.

HOLLYWOOD

Under the command of Captain Richard H. Cobourn, 3 officers and 48 enlisted men of Company "C", 211th Infantry, Hollywood, Florida, were ordered to active state duty on 5 October 1948, for the purpose of aiding Civil Authorities in hurricane relief activities. These troops were relieved from duty 7 October 1948.

ARMORIES AND TRAINING INSTALLATIONS

The seventy-nine organized units of the Florida National Guard are housed in forty-five Armories, of which number twenty-two armories are adequate and twenty-three do not meet the minimum requirements for protection and security of arms and equipment and space for training and instruction. The continuation of appropriations by the Legislature to provide construction funds, to be expended on a matching basis with other Federal, county or municipal monies for the building of armories, is most essential. No group of volunteer soldiers can be expected to develop into an efficient unit unless the citizenry they are training to protect will furnish essential housing for their required needs.

The armories and training facilities under the control and operation of the Armory Board, as of 31 December 1948, are:

* A New Armory, to be State owned, planned for construction.
Estimated value \$140,000.00.

** Temporary facilities only.

On 1 April 1948 the Camp Blanding Military Reservation was released by the Department of the Army back to the control of the Armory Board.

There is established at Camp Blanding the State Maintenance Shop which receives, processes, repairs and issues all motor vehicles and ordnance equipment. The receipt, storage, classification and issue of all Federal Military equipment and supplies are warehoused and processed there. Also, warehouses are used by the State Improvement Commission for storage of property.

Through a cooperative working agreement with the State Prison Farm, approved by the Board of Commissioners of State Institutions, that portion of the reservation not required for Military operational uses has been opened as a range for raising of beef cattle. This cattle ranging operation is under the management of the State Prison Farm. Beef produced is consumed by the State Institutions. In this manner the reservation is contributing to economies in procurement of meat for State needs.

During the war period, when Camp Blanding was under lease to the War Department, the United States Bureau of Mines, through subsurface explorations, discovered under the western tier of land sections, a strategic mineral, ilmenite, believed to be in sufficient quantity for commercial development. In 1947 the E. I. DuPont de Nemours Company of Wilmington, Delaware, started negotiations for a mining lease on this property. After approval by the Trustees of the Internal Improvement Fund and the Cabinet, a lease was granted for mining operations on six sections of land. A plant representing an investment of over \$1,000,000. has been erected and mining of this mineral is to begin early in 1949. This operation will employ some 200 persons and adds to the economic stability of Bradford and Clay Counties. The Armory Board will receive a royalty on mined minerals.

SELECTIVE SERVICE RESERVE

In reorganizing the National Guard, the Department of the Army anticipated that Selective Service might again be enacted by Congress. Accordingly, provision was made for each State Headquarters and Headquarters Detachment to have within its Table of Organization a section composed of officers and en-

listed men, designated as "Augmentation Section for Selective Service". This headquarters section was to prepare a State Plan for implementation of Selective Service, and by continuous study keep this plan revised for immediate use.

During the year 1947 the State Plan for Selective Service operation was developed by the Selective Service section of State Headquarters. On 1 April 1948 this plan was published as approved by the Governor; the plan, almost in its entirety, was used when Selective Service in Florida was reactivated on 24 June 1948. This prior planning enabled the State of Florida to meet all phase dates as established by the National Director of Selective Service, and to smoothly organize the various boards and agencies required in operating Selective Service.

In further anticipation of reactivated Selective Service, the Governor authorized the Adjutant General to organize a Selective Service Reserve from those citizens of Florida who had so patriotically and effectively served with Selective Service during the period of World War II. Accordingly each Local Board Member, Appeal Board Member, Government Appeal Agent and Medical Examiner, who was serving as such at the close of Selective Service in 1945, was invited to become a member of this Reserve. Some 85% of these former Selective Service voluntary workers accepted appointment in the Selective Service Reserve and are today serving the State by operating the Selective Service agencies.

The roster of this Reserve on 1 June 1948 included:

Local Board Members	249
Medical Examiners	286
Government Appeal Agents	101
Members of Appeal Boards	21
Total volunteer Reservists	657

The State and Nation owe a debt of gratitude to these citizens of Florida for the time and efforts expended in operating the Selective Service System in the present limited National emergency.

BUDGET REQUESTS

To furnish necessary administration, maintenance and unit fiscal support for the National Guard and the Military Department for the Fiscal Years 1950 and 1951, a revised Budget has been submitted to the Director of the Budget for presentation to the 1949 Legislature, condensed as follows:

<i>Purpose</i>	<i>Fiscal Year</i>	
	<i>1949 - 1950</i>	<i>1950 - 1951</i>
Salaries	\$121,470	\$121,470
Regular Expense	196,400	187,050
Contingent Expense	31,050	31,050
Special Expense	6,182	5,255
	\$355,102	\$344,825

EXPLANATION:

SALARIES—Continued employment of persons now performing administrative, maintenance, security and operational duties with the Military Department.

REGULAR EXPENSE—Purchase of services and supplies for maintenance of armories and properties, statutory allowances to units and personnel, operational equipment, transportation and supplies.

CONTINGENT EXPENSE—Increased unit allowances to meet expenses incurred for utilities, postage, administrative supplies and minor maintenance items.

SPECIAL EXPENSE—Replacement of worn out and unserviceable motor equipment.

RECOMMENDATIONS

1. Increased unit maintenance allowances as herein shown on monthly basis:

<i>Unit</i>	<i>Present Allowance</i>	<i>Proposed Allowance</i>
Division and Brigade Headquarters ...	\$50.00	\$66.66
Regiment, Group, Squadron	41.66	58.33
Battalion Headquarters	4.16	16.66
Company or Battery	25.00	41.66
Separate Detachments	2.08	16.66

This proposed increase for unit allowances will add \$31,050 to the annual support as shown as a contingent item in the budget. From unit allowances each commander must pay for utility service, heating of armory, postage, stationery and miscellaneous maintenance supplies.

2. Increased appropriation for maintenance of armories. \$22,000 requested in budget; this should be increased to at least \$30,000 for the next two years in order that the armory buildings which have been neglected during the war period may be put back into sound and serviceable condition.

3. The revision of the Military Code. A special committee of the National Guard Officers' Association of Florida, is preparing a revision to present for enactment by the 1949 Legislature. The present code is a growth of many legislative acts, mainly by amendment, it is not in consonance with present day organizations or procedures. The enactment of the revision will retain all of the basic features of the old code but will also clarify many sections in the light of today's organization and operations.

4. Continue the appropriation in the State Building Fund of \$500,000 for the biennium as matching funds for contributions by the United States Government, Counties or Municipalities, for the joint financing of armory construction.

5. Continue to enlist the cooperation of all employers of the State of Florida in granting of military leave to permit National Guard personnel to participate in field training and state emergency duty, without prejudice to their normal pay or vacation.
